**Activities of the EMC during last one year**

1. Cement Plant at Baga has been installed recently. Therefore, at present main thrust is being given to the compliance of various conditions stipulated by the MoEF, Govt. of India, HP SPCB Shimla and State Forest Department in their clearances/approvals.
2. Meeting of concerned Plant officials is being held under the chairmanship of Unit Head every month to plan and review the environmental related issues of the unit. Any short coming in the compliance/pollution of any type is deliberated in detail and the concerned official are directed/ordered to do the remedial action at the earliest.
