

INDEPENDENT AUDITOR'S REPORT ON AUDIT OF STANDALONE FINANCIAL RESULTS TO

THE BOARD OF DIRECTORS OF KANPUR FERTILIZERS & CHEMICALS LIMITED

Opinion

We have audited the accompanying Statement of Standalone Financial Results of **KANPUR FERTILIZERS & CHEMICALS LIMITED (FORMERLY KNOWN AS KANPUR FERTILIZERS & CEMENT LTD)** (hereinafter referred as "Company"), for the three months and year ended March 31, 2020 (the "Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the statement:

- a. is presented in accordance with the requirements of Regulation 33 of the Listing Regulations; and
- b. gives a true and fair view in conformity with Indian Accounting Standard 34 "Interim Financial Reporting" (Ind AS 34) prescribed under Section 133 of the Companies Act 2013 (the "Act") read with relevant rules issued thereunder and other accounting principles generally accepted in India of the net profit and total comprehensive income and other financial information of the Company for the three months and year ended March 31, 2020.

Basis for Opinion

We conducted our audit of the Statement in accordance with the Standards on Auditing ("SA"s) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Results under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

Covid 19 spread across the country since March, 2020 restricted our physical movement to company's offices at different locations and thereby required us to use alternative audit procedure from remote location. We were provided the access to the books of accounts via electronic medium (SAP module) from a remote location. Further, required documents/information was sought on mails to vouch the authenticity of the transactions of the company.

Emphasis of Matter

The company has defaulted in repayment of principal amount of Rs. 25.30 crores as at 31st March, 2020 which became due on quarter ended June 2019, Sep. 2019 and Dec. 2019 to Yes Bank Limited. Overdue Interest of Yes Bank Limited as on 31st March, 2020 is Rs. 6.96 crores. The account has been reported NPA by the Bank.

The company has defaulted in repayment of principal amount of Rs. 1.67 crores in the quarter ended 31st March, 2020 which has become due for the month of Jan. 2020 and Feb. 2020 to SREI Equipments. Overdue Interest of SREI Equipments as on 31st March, 2020 is Rs. 16.18 lakhs.

For details, Refer Note 35 under the heading "Default in repayment of Term Loan and interest thereon" to the Financial statements.

Our conclusion is not modified in respect of this matter.

Management's Responsibilities for the Standalone Financial Results

These quarterly financial results as well as the year to date standalone financial results have been prepared on the basis of the interim financial statements. The Company's Board of Directors are responsible for the preparation and presentation of the Standalone Financial Results that give a true and fair view of the net profit and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Act, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Results that give a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Results, the Board of Directors are responsible for assessing the Company's ability, to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Results as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit

conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Standalone Financial Results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Evaluate the appropriateness and reasonableness of disclosures made by the Board of Directors in terms of the requirements specified under Regulation 33 of the Listing Regulations.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Financial Results, including the disclosures, and whether the Standalone Financial Results represent the underlying transactions and events in a manner that achieves fair presentation

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Independent Auditor's Report

To the Members of Kanpur Fertilizers & Chemicals Ltd

Report on the Standalone Financial Statements

Unmodified Opinion

We have audited the accompanying Standalone financial statements of **Kanpur Fertilizers & Chemicals Ltd (Formerly known as Kanpur Fertilizers & Cement Ltd)** which comprises the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its profit, total comprehensive income, the changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

Covid 19 spread across the country since March, 2020 restricted our physical movement to company's offices at different locations and thereby required us to use alternative audit procedure from remote location. We were provided the access to the books of accounts via electronic medium (SAP module) from a remote location. Further, required documents/information was sought on mails to vouch the authenticity of the transactions of the company.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

(Ravi Rajan & Co. LLP is a Limited Liability Partnership with LLP identity No. AAP-3344)

S. No.	Key Audit Matters	How the matter was addressed in our audit
1	<p>Refer to Notes 35 to the Financial statements relating to Default in repayment of principal amount and interest on Term Loans</p> <p>The company has defaulted in repayment of Principal of Rs. 25.30 crore & interest of Rs. 6.96 crore due against Term Loan from Yes Bank Limited and Principal of Rs. 1.67 crore and interest of Rs. 0.16 crore due against SREI Equipment Finance Limited.</p> <p>The Loan of Yes Bank Limited has been reported NPA by the bank.</p> <p>Same is considered to be a Key Audit Matter as default in repayment of installment leads to increase in liquidity risk and challenges in arranging sufficient finances after taking into account the Subsidy receivable as stated in Sr. No. 2 below.</p>	<p>We performed the following principal audit procedures in relation to the said Key Audit Matter:</p> <ol style="list-style-type: none"> 1. Reviewed the Term Loan repayment schedule provided by the company. 2. Obtained the balance confirmation from the Banks/Financial Institutions to confirm the balance of outstanding term loan and interest thereon. 3. Based on our audit procedures performed and discussion with the Management, examined the possibility of Loan restructuring with the lenders to ease the liquidity pressure in the period going ahead. Reportedly, Yes Bank Limited is exploring the possibility of restructuring in consultation with consortium lenders.

<p style="text-align: center;">2</p>	<p>Subsidy Receivable from Government and assessment of recovery of the amount due on account of Subsidy</p> <p>During the FY 2019-20, company recognized subsidy of Rs. 2040 crores and the subsidy due from Government of India at the end of FY stood at Rs. 1317 crores. Amount due on account of Subsidy forms significant amount as the Current Assets as on 31st March, 2020 stood at Rs. 1564 crores.</p> <p>Given the size of amount due on account of subsidy, the evaluation of fair value of subsidy receivable and its recovery involves assessment of the management in terms of time frame of recovery from FICC and thus requires significant audit attentions and forms a Key Audit Matter.</p>	<p>Our procedures included the following:</p> <ol style="list-style-type: none"> 1. Understood and evaluated the design and tested the operating effectiveness of controls as established by management in recognition of subsidy revenue and assessment of the recoverability of subsidy receivables. 2. Reviewed the Company's Accounting policies for recognition of Subsidy on Urea as mentioned under "Note No. 2, Statement of Significant Accounting policies" in conformity with the provision of Ind AS on Government Grants. 3. Assessment of the basis of judgements that management has made in relation to the notifications/policies including past precedence and subsequent evidence, as applicable. 4. Reviewed the relevant notifications/policies issued by various authorities to ascertain the appropriateness of the recognition of subsidy revenue and adjustments to subsidy receivables already recognized pursuant to changes in subsidy rates. 5. We considered the relevant notifications/policies issued by various authorities to ascertain the appropriateness of the recognition of subsidy revenue and adjustments to subsidy receivables already recognized pursuant to changes in subsidy rates/escalation or de-escalation in subsidy rates. 6. Reviewed and tested the ageing of the related receivables and assessed the information used by the management to determine the recoverability of subsidy receivable by considering historical collection trends and the level of credit loss charged over time.
---	---	--

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records,

relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- a. Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risk, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(1) of the Companies Act 2013, auditor are also responsible for expressing our opinion on whether the company has adequate internal financial control system in place and the operating effectiveness of such controls.
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- e. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under section 133 of the Act.

e) On the basis of the written representations received from the directors of the Company as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.

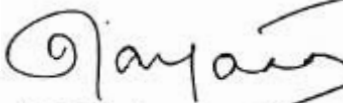

ii. The Company is not required to make any provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

iii. The Company is not required to transfer any amount to the Investor Education and Protection Fund.

Annexure - A to the Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the Company on the standalone Financial Statements for the year ended 31 March 2020, we report that:

(i) In respect of Fixed assets

(a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets

(b) The Company has a policy to verify its fixed assets once in three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. The physical verification of the Fixed Assets was due for the FY 2019-20 and was performed on 31st December, 2019.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the company, the title deeds of immovable Properties are deemed held in the name of company in terms of Para 4 and Para 5, Para II of Annexure A of approved Scheme of BIFR.

(ii) In respect of inventory:

(a) As explained to us the inventory of the company has been physically verified by the management. In our opinion, the frequency of verification is reasonable.

(b) In our opinion and as per information and explanation provided to us, the procedures of physical verification followed by the management are reasonable and adequate in relation to the size of the company and the nature of its business.

(c) The company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.

(iii.) According to the information and explanations given to us, the Company has not granted unsecured loans covered in the register maintained under section 189 of the Companies Act, 2013.

(iv.) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable. The company has not granted any loans, or provided securities.

(v) The Company has not accepted deposits during the year and does not have any unclaimed deposits as at March 31, 2020 and therefore, reporting under clause (v) of CARO 2016 is not applicable to the Company.

(vi.) The maintenance of cost records has been specified by the Central Government under section 148(1) of the companies Act 2013. We have broadly reviewed the cost records maintained by the company pursuant to the companies (Cost Records and Audit) Rules 2014, as amended prescribed by the Central Government under sub section (1) of section 148 of the Companies Act 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate and complete but we have relied upon the report submitted by the cost auditor for the FY 2019-20.

(vii.) According to the information and explanations given to us, in respect of statutory dues:

(a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it with the appropriate authorities(a) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Value Added Tax, Goods and Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues in arrears as at March 31, 2020 for a period of more than six months from the date they became payable.

(b) Details of dues of Income Tax, Sales Tax, Service Tax, Excise Duty and Value Added Tax which have not been deposited as at March 31, 2020 on account of dispute are given below:

Name of the Statute	Nature of dues	Amount of Demand (in Lakhs)#	Assessment Year	Forum where dispute is pending
Income Tax Act, 1961	Income Tax and Penalty	35.45	2012-13	ITAT
Income Tax Act, 1961	Income Tax and Penalty	292.00	2013-14	ITAT (for Income Tax) Penalty (CIT Appeals)

It is net of the amount deposited against respective demands.

(viii) On the basis of the audit procedure performed by us and based on the information and explanations given to us and as per the books and records examined by us, the company has delays in repayment of dues including interest to Bank/Financial Institution. The default which have remained outstanding at the year-end tabulated.

Particulars	As At	Period of Delay					Total (Rs.)
		1-31 Days	32-60 Days	61-90 Days	91-180 Days	Above 180 Days	
Against Principal Amount*							
Yes Bank Ltd	March 31, 2020	-	-	-	91,666,667	161,292,683	252,959,350
SREI Equipments Financial Ltd-30 CR	March 31, 2020	-	9,488,236	7,231,068	-	-	16,719,305

Particulars	As At	Period of Delay					Total
		1-31 Days	32-60 Days	61-90 Days	91-180 Days	Above 180 Days	
Against Interest Amount*							
Yes Bank Ltd	March 31, 2020	6,423,698	6,866,712	-	22,593,697	33,718,263	69,602,370
SREI Equipments Financial Ltd-30 CR	March 31, 2020	-	765,811	852,009	-	-	1,617,820

Note 1* The above stated period of delay in repayment on Loan and interest is arrived at after availing the benefit of moratorium of three months on payment of all installments falling due between March 1st, 2020 and May 31st, 2020 vide Notification NO. BP.BC.47/21.04.048/2019-20 dated March 27th, 2020.

Note 2*The above overdue amount of principal and interest default persisted on 31st March, 2020.

(ix). The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments). Further, term loan were applied for the purpose for which the loans were obtained.

(x). To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company by its officers or employees has been noticed or reported during the year.

(xi). In our opinion and according to the information and explanations given to us, the Company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

(xii). The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable to the Company.

(xiii). In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where

applicable and details of such transactions have been disclosed in the Ind AS financial statement as required by the applicable accounting standards.

(xiv). During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly paid convertible debentures and hence reporting under clause 3 (xiv) of the Order is not applicable to the Company.

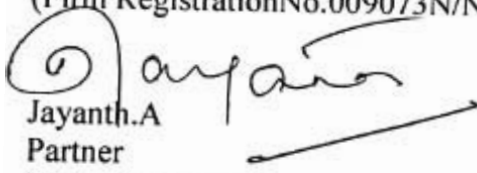

(xv). In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi). The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Kanpur Fertilizers & Cement Ltd of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Kanpur Fertilizers & Chemicals Ltd** (“the Company”) as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

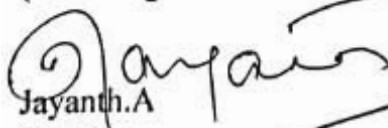

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note No."1" Nature of Operations

Kanpur Fertilizers & Cement Limited (KFCL) was incorporated on 31st May 2010. The Company was formed with one of its objectives to undertake the business in manufacturing, selling and trading of fertilizers and related activities. The Company is subsidiary of Jaypee Uttar Bharat Vikas Private Limited (JUBVPL). The name of the Company was changed to Kanpur Fertilizers & Chemicals Limited w.e.f. 09th December, 2019.

The Company has 7,22,700 MT / Per Annum Urea manufacturing plant on approximately 243 Acres of land at Panki Industrial Area, Kanpur, U.P. The plant restarted commercial operations after revamp, changeover from Naphtha to Natural Gas (NG) as feed stock and certain Energy Savings Measures with effect from June 1, 2014.

Note No."2" Statement of compliance

These standalone financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time.

Note No."3" Basis of preparation

A. The Company has adopted accounting policies that comply with Indian Accounting standards (IND AS or Ind AS) notified by Ministry of Corporate Affairs vide notification dated 16 February 2015 under section 133 of the Companies Act 2013. Accounting policies have been applied consistently to all periods presented in these financial statements. The financial statements referred hereinafter have been prepared in accordance with the requirements and instructions of Schedule III of the Companies Act 2013, amended from time to time applicable to companies to whom IND AS applies read with the IND AS's.

These standalone financial statements have been prepared on historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair value or amortised cost at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle.

These standalone financial statements have been prepared in Indian Rupee (₹) which is the functional currency of the Company. Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are retranslated at the exchange rate prevailing on the balance sheet date and exchange gains and losses arising on settlement and restatement are recognised in the statement of profit and loss. Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

The significant accounting policies used in preparation of the standalone financial statements have been discussed in the respective notes.

B. Use of estimates and judgements

The preparation of these standalone financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

The Company uses the following critical accounting estimates in preparation of its financial statements:

a. Property, Plant and Equipment (PPE)

Property, plant and equipment are stated at cost [i.e., cost of acquisition or construction inclusive of freight, erection and commissioning charges, non-refundable duties and taxes, expenditure during construction period, borrowing costs (in case of a qualifying asset) up to the date of acquisition/ installation], net of accumulated depreciation and accumulated impairment losses, if any.

Capital work in progress, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset when the recognition criteria for a provision are met.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as prescribed in Schedule II to the Companies Act, 2013 as under:

Assets	Useful Lives
Building	30 Years
Plant and Machinery	15 years
Vehicle	4 - 8 years
Office equipment	5 years
Furniture and fittings	10 years

Individual assets acquired for Rs. 5000/- or less are depreciated fully in the year of acquisition.

Freehold land is not depreciated.

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets. However, when there is no reasonable certainty that ownership will be obtained by the end of the lease term, assets are depreciated over the shorter of the lease term and their useful lives.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in profit or loss when the asset is derecognized.

b. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost which comprise purchase price (including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates) and any directly attributable cost of preparing the asset for its intended use. An intangible assets acquired in a business combination is recognized at fair value at the date of acquisition. After initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred. The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. Amortisation is recognized on a straight line basis over their estimated useful life. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates being accounted for on a prospective basis. The amortisation expense on intangible assets with finite lives is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Computer Software is amortized over a period of 5 years.

The Goodwill arising on Shares issued to DIL shareholders in pursuant to Demerger Scheme dated 16.01.2012 of Hon'ble BIFR is being amortized equally over the period of five years.

c. Inventories

Inventories of raw material, finished goods, work in progress / stock in process, traded goods and stores & spares are valued at lower of cost or net releasable value. Cost is determined on weighted average basis. Cost comprises of purchase & other costs incurred in bringing them to their present location & condition. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

d. Revenue Recognition

The company manufactures urea and the price of the same is regulated by Government of India (GOI). The company sells urea to the Authorized dealers/agents at the subsidized rate of Rs. 4974 per ton and receives the subsidy from the GOI at the notified price in force.

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) (Amendments) Rules, 2017, notifying Ind AS 115, 'Revenue from Contracts with Customers'. The Standard is applicable to the Company with effect from 1st April, 2018. Ind AS 115 supersedes the current revenue recognition standard Ind AS 18 Revenue & Ind AS 11 Construction Contracts. Prior to 1st April, 2018, the company was recognizing revenue based on Ind AS 18.

Revenue from Contracts with Customers Ind AS 115 establishes a single comprehensive model (5 steps model) for entities to use in accounting for revenue arising from contracts with customers.

The core principle of Ind AS 115 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Specifically, the standard introduces a 5-step approach to revenue recognition:

- Step 1: Identify the contract(s) with a customer
- Step 2: Identify the performance obligation in contract
- Step 3: Determine the transaction price
- Step 4: Allocate the transaction price to the performance obligations in the contract
- Step 5: Recognize revenue when (or as) the entity satisfies a performance obligation

Under Ind AS 115, an entity recognizes revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods underlying the particular performance obligation is transferred to the customer.

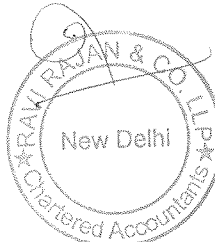

Ind AS 115 has no significant impact on the basis of recognition of revenue as under Ind AS 18 also, the above steps were complied within the recognition of revenue with regard to sales of Urea to the Authorized dealers/agents. The company deals with the authorized agents only and has entered individual contract with them, meets the performance obligation when the urea reaches the dealer, sells at the government regulated price and recognizes the revenue on satisfying the said performance obligation.

2. Subsidy from Urea is recognized in sales / income on the bills generated through Integrated Fertilizers Monitoring System (IFMS) of GOI on accrual basis in profit & loss accounts in accordance with Ind AS 20.

Subsidy on Urea including freight has been accounted on the basis of notified concession prices as under:

- i. the New Pricing Scheme – Stage III and New Investment Policy 2008 for the period from April 1, 2015 to May 31, 2015;
- ii. New Urea Policy 2015 from June 1, 2015 onwards; and
- iii. Uniform Freight Policy

Price and Freight subsidy is measured based on principle/notifications received from Fertilizer Industry Coordination Committee (FICC) an office of Government of India which regulates such subsidy and the bills are raised based on such notifications. Escalation/De-escalation in notified rates is estimated taking into account the effect of guidelines, policies, instructions and clarifications given by the Government. The difference, if any based on final notification received is treated as current year income or expenditure and the effect of change in estimate, if material, is disclosed separately.

Subsidy on Phosphatic and Potassic (P&K) fertilizers is recognized as per concession rates notified by the Government of India in accordance with Nutrient Based Subsidy Policy from time to time and Freight subsidy has been accounted for in line with the policy.

Subsidy on City Compost is recognized based on rates, as notified by the Government of India.

Interest

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate (EIR) applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

e. Foreign Currency Transaction

In preparing the financial statements, transactions in currencies other than the Company's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period-

- i. Monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.
- ii. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined.
- iii. Non-monetary items that are measured at historical cost in a foreign currency are not retranslated

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements are recognized in profit or loss in the period in which they arise.

f. Retirement and other employee benefits

i) Retirement benefit costs

Payments to retirement benefit plans such as provident fund are recognized as an expense.

For retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period.

Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee Benefits Expense'. Curtailment gains and losses are accounted for as past service costs.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Re-measurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

Past service cost is recognized in profit or loss in the period of a plan amendment.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

ii) *Short-term and other long-term employee benefits*

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. These benefits include bonus/incentives and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

g. Borrowing cost

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

h. Lease

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or

not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Company as a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

Transition to Ind AS 116

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and had no lease arrangement to be recognised retrospectively or by modified approach with the cumulative effect of initially applying the Standard and thus Ind AS 116 application has no major impact Refer note 2(f) – Significant accounting policies – Leases in the Annual report of the Company for the year ended March 31, 2019, for the policy as per Ind AS 17.

Company as a lessee

Operating leases

For transition, the Company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17.

The Company has land on lease for the period of 999 years, and hence, is treated as finance lease.

i. Earnings per share

Basic earnings per equity share are computed by dividing net profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease earning per share from continuing operations. Potential dilutive equity shares are deemed to be converted as

at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

j. Income Taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

i) Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using applicable tax rates and tax laws that have been enacted or substantively enacted upto the end of the reporting period.

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates.

The Company uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Accordingly, the Company exercises its judgement to reassess the carrying amount of deferred tax assets at the end of each reporting period.

ii) Deferred tax

Deferred income tax is recognized using the balance sheet approach. Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in computation of taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments subsidiaries and associates, and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there be sufficient taxable profits against which to utilize the benefits of the temporary differences and are expected to reverse in the foreseeable future.

Deferred income tax assets are recognized to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

In the case of unused tax losses probability is evaluated considering factors like existence of sufficient taxable temporary differences, convincing other evidence that sufficient taxable profit will be available. At

the end of each reporting period, the Company reassesses unrecognized deferred tax assets and, the Company recognizes a previously unrecognized Deferred Tax Asset to the extent that it has become probable that future taxable profit will allow the Deferred Tax Asset to be recovered.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e. the period for which MAT credit is allowed to be carried forward. In the year in which the Company recognises MAT credit as an asset in the said asset is created by way of credit to the statement of profit and loss as disclosed as 'MAT Credit Entitlement'. The Company reviews the 'MAT Credit Entitlement' asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable Company and the same taxation authority.

iii) Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

k. Impairment of tangible and intangible assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication based on internal/ external factors that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

l. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Present obligations arising under onerous contracts are recognized and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

m. Contingent liabilities

A contingent liability is a possible obligation that arises from past events existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

n. Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

o. Cash and cash equivalents (for the purpose of Cash Flow Statement)

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short term investments with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

p. Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an agreed transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable;

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

q. Financial Instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial asset is any assets that is

- Cash;
- An equity instrument of another entity;
- A contractual right:
 - i. To receive cash or another financial asset from another entity; or
 - ii. To exchange financial assets or financial liabilities with another entity under conditions that are potentially favorable to the entity; or

- A contract that will or may be settled in the entity's own equity instruments and is:
 - i. A non-derivative for which the entity is or may be obliged to receive a variable number of the entity's own equity instruments; or
 - ii. A derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity's own equity instruments.

Financial assets include current and non-current investments, loan to employees and body corporate, security deposits, trade receivables and other eligible current and non-current assets

Financial Liability is any liabilities that is

- A contractual obligation :
 - i. To deliver cash or another financial asset to another entity; or
 - ii. To exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the entity; or
- A contract that will or may be settled in the entity's own equity instruments and is:
 - i. A non-derivative for which the entity is or may be obliged to deliver a variable number of the entity's own equity instruments; or
 - ii. A derivative that will or may be settled other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of the entity's own equity instruments. For this purpose, rights, options or warrants to acquire a fixed number of the entity's own equity instruments for a fixed amount of any currency are equity instruments if the entity offers the rights, options or warrants pro-rata to all of its existing owners of the same class of its own non-derivative equity instruments.

Financial liabilities include Loans, trade payable and eligible current and non-current liabilities.

Classification

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- i. The entity's business model for managing the financial assets and
- ii. The contractual cash flow characteristics of the financial asset.

A financial asset is measured at amortized cost if both of the following conditions are met:

- i. The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- ii. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- i. The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and

- ii. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A financial asset is measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income.

All financial liabilities are subsequently measured at amortized cost using the effective interest method or fair value through profit or loss.

Recognition

Financial assets and financial liabilities are recognized when and only when the Company becomes party to the contractual provisions of the instrument.

Measurement of financial assets

Financial assets are subsequently measured at amortized cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL) as the case may be.

Financial liabilities are subsequently measured at amortized cost or fair value through profit or loss.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets which are classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

Trade receivables

Trade receivables are recognized initially at fair value and all are considered as current subsequently measured at amortized cost using the effective interest method, less provision for impairment.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortized cost, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit

losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without cost or effort, that is indicative of significant increases in credit risk since initial recognition.

For trade receivables or any contractual right to receive cash or another financial asset and that transactions are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected allowance is computed based on a provision matrix which takes into account historical experience and adjusted for forward-looking information.

De-recognition of financial assets

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks rewards of ownership and continues to control the transferred asset, the Company recognizes its interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and also recognizes a collateralized borrowing for proceeds received.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying and the sum of the consideration received and receivable and the cumulative gain or loss that had recognized in other comprehensive income and accumulated in equity is recognized in profit or loss, such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On de-recognition of a financial asset, other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of financial asset between the part it continues to recognize under continuing involvement, and the part that is no longer recognized on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and sum of the consideration received for the part no longer recognized and any cumulative gain or allocated to it that had been recognized in other comprehensive income is recognized in the statement of profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

Financial Liabilities

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or it is designated as at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement being recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognized in profit or loss.

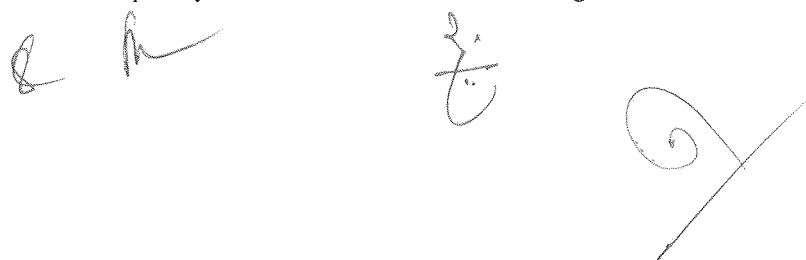

Borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the Company does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Trade payables

Trade payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade payables are presented as current liabilities unless payment is not due within 12 months after the reporting period or not paid/payable within operating cycle. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

The image shows four distinct handwritten signatures or initials in black ink, arranged horizontally. From left to right: the first is a stylized 'S' or 'L' shape; the second is a cursive signature; the third is a signature with a prominent vertical stroke; the fourth is a signature with a large, decorative flourish.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of Company after deducting all of its liabilities. Equity instruments are recognized at the proceeds received, net of direct issue costs.

Preference share capital

Preference share capital is classified as a financial liability or an equity instrument based on the substance of a financial instrument, rather than its legal form.

Preference share is classified as an equity instrument if, and only if, both conditions a) and b) below are met

- a) The instrument includes no contractual obligation:
 - i. To deliver cash or another financial asset to another entity; or
 - ii. To exchange financial assets or financial liabilities with another entity under conditions that is potentially unfavorable to the issuer.
- b) If the instrument will or may be settled in the issuer's own equity instruments, it is:
 - i. A non-derivative that includes no contractual obligation for the issuer to deliver a variable number of its own equity instruments; or
 - ii. A derivative that will be settled only by the issuer exchanging a fixed amount of cash or another financial asset for a fixed number of its own equity instruments. For this purpose, rights, options or warrants to acquire a fixed number of the entity's own equity instruments for a fixed amount of any currency are equity instruments if the entity offers the rights, options or warrants pro rata to all of its existing owners of the same class of its own non-derivative equity instruments.

Preference share capital is classified as a financial liability if it provides for mandatory redemption for a fixed or determinable amount at a fixed or determinable future date, or gives the holder the right to require the issuer to redeem the instrument at or after a particular date for a fixed or determinable amount.

Compound financial instruments

The component parts of compound financial instruments (convertible instrument) issued by the Company are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Company's own equity instruments is an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for similar non-convertible instruments. This amount is recognized as a liability on an amortized cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as equity is determined by deducting the amount of the liability component from the fair value of the compound financial instrument as a whole. This is recognized and included in equity, net of income tax effects, and is not subsequently remeasured. In addition, the conversion option classified as equity will remain in equity until the conversion option is exercised, in which case, the balance recognized in equity will be transferred to other component of equity. When the conversion option remains unexercised at the maturity date of the convertible note, the balance recognized in equity will be transferred to retained earnings. No gain or loss is recognized in profit or loss upon conversion or expiration of the conversion option.

KANPUR FERTILIZERS & CHEMICALS LIMITED

FORMERLY KNOWN AS KANPUR FERTILIZERS & CEMENT LIMITED

NOTES FORMING PART OF THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31st, 2020

Transaction costs that relate to the issue of the convertible instrument are allocated to the liability and equity components in proportion to the allocation of the gross proceeds. Transaction costs relating to the equity component are recognized directly in equity. Transaction costs relating to the liability component are included in the carrying amount of the liability component and are amortized over the lives of the convertible instrument using the effective interest method.

De-recognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments substantially different terms is accounted for as an extinguishment of the original financial liability the recognition of a new financial liability. Similarly, a substantial modification of the terms of existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

(*) Disclosure as per Ind AS 19 'Employee Benefits'

(i) Defined Contribution Plans:

A. Provident Fund

The Company pays fixed contribution to provident fund to the appropriate authorities. The contributions to the fund for the year are recognized as expense and are charged to the Profit or Loss. An amount of ₹ 2.29 crore (31 March 2019: ₹ 2.54 crore) for the year is recognised as expense on this account and charged to the Statement of Profit and Loss.

(ii) Defined Benefits Plans:

A. Gratuity-Funded

a) The Company has a defined benefit gratuity plan. Every employee who has rendered continuous service of five years or more is entitled to gratuity at 15 days salary (15/26 X last drawn basic salary) for each completed year of service.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity and the amounts recognised in the Company's financial statements as at balance sheet date:

Particulars	(Amount in ₹)	
	As at 31.03.2020	As at 31.03.2019
Net Defined Benefit Obligation :		
Gratuity (Funded)	3,559,216	6,455,945
Total	3,559,216	6,455,945
	(Amount in ₹)	
Total Employee Benefit Obligation	As at 31.03.2020	As at 31.03.2019
Non-current	20,318,265	19,669,696
Current	7,783,895	4,835,511
Total	28,102,160	24,505,207

Movement in Net Defined Benefit Obligation for the Year

Particulars	(Amount in ₹)	
	As at 31.03.2020	As at 31.03.2019
Present Value of Obligation as at the beginning of Period	24,505,207	25,749,237
Interest Cost	1,877,099	1,990,401
Service Cost	4,624,387	4,533,248
Benefit Paid	(3,559,216)	(6,455,945)
Total Actuarial (Gains)/Loss on Obligation	654,683	(1,311,534)
Total Service Cost to be Recognised in Statement of Profit & Loss A/C	28,102,160	24,505,407

Included in OCI

Particulars	(Amount in ₹)	
	As at 31.03.2020	As at 31.03.2019
Actuarial (Gains)/Loss arising from:		
Demographic Assumptions	(19,816)	-
Financial Assumptions	(1,756,005)	99,432
Experience Adjustment	2,430,504	(1,410,966)
Total Amount Recognised in OCI	654,683	(1,311,534)

B. Defined Benefit Obligations

i. Actuarial Assumptions

The following were the Principal Actuarial Assumptions at the reporting date:

Particulars	31.03.2020	31.03.2019
Discount Rate	6.80%	7.66%
Retirement Age	60	60
Mortality Rate inclusive of Provision for disability	100% of IALM (2012-14)	100% of IALM (2006-08)
Withdrawal rate		
Up to 30 Years	2%	2%
From 31 to 44 Years	5%	5%
Above 44 Years	3%	3%
Salary Escalation Rate	4%	6%

[Handwritten signatures]

[Handwritten signature]

Notes to the Financial Statements for the Year Ended 31st March, 2020

The estimates of future salary increases considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

ii. Sensitivity Analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

(Amount in ₹)

Particulars	31.03.2020		31.03.2019	
	Increase	Decrease	Increase	Decrease
Discount Rate (0.50% movement)	(666,602)	717,815	(695,864)	751,052
Expected Return on Plan Assets (1% movement)				
Gratuity				
Salary Escalation Rate (0.50% movement)	734,241	(687,064)	759,569	(709,564)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. This analysis may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

C. Risk Exposure

Valuations are based on certain Assumptions, which are dynamic in nature and vary over time. As such company is exposed to various Risks as follows

a) Salary Increases

Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability

b) Changes in Discount Rate

The Reduction in discount rate in subsequent valuations can increase the Plan's Liability

c) Investment Risk

If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

d) Mortality & Disability

Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.

e) Withdrawals

Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

D. Expected Maturity Analysis of the Defined Benefit Obligations in Future Years

(Amount in ₹)

Particulars	0 to 1 Year	1 to 2 Year	2 to 3 Year	3 to 4 Year	4 to 5 Year	5 to 6 Year	6 Year Onwards
31 March 2020							
Gratuity	7,783,895	5,472,636	3,195,157	1,739,052	1,396,771	556,591	7,958,058
Total	7,783,895	5,472,636	3,195,157	1,739,052	1,396,771	556,591	7,958,058

The Weighted Average Duration of the Defined Benefit Plan Obligation at the end of the reporting period is as under:-

Particulars	31.03.2020	31.03.2019
Gratuity	20.77	16.88

(iii) Other Long Term Employee Benefit Plans**Leave**

The Company provides for earned leave benefit to the employees of the Company which accrue monthly and in some case annually on the first day of the year. Earned Leave (EL) over and above fixed maximum number of days is encashed paid to employees while in service and balance at the time of retirement. The scheme is unfunded and liability for the same is recognised on the basis of actuarial valuation. A provision of ₹ 2.20 crore (31 March 2019: ₹ 2.17 crore) for the year have been made on the basis of actuarial valuation at the year end.

(**) Corporate social responsibilities expenses (CSR)

As per Section 135 of the Companies Act, 2013, the Company is required to spend, in every financial year, at least two per cent of the average net profits of the Company made during the three immediately preceding financial years. The company incurs CSR expenses in accordance with its CSR Policy. The details of CSR expenses for the year are as under:

Security Deposit	11,47,05,912	11,95,32,338	Level 2	

***Input for Level 2:**

If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability. Level 2 inputs include the following Example:

- (a) Quoted prices for similar assets or liabilities in active markets.
- (b) Inputs other than quoted prices that are observable for the asset or liability, for example: Interest rates and yield curves observable at commonly quoted intervals.

(iv) Financial Risk Management

The Company's principal financial liabilities comprise trade payables and other payables including financial obligations. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets are trade & receivables, security deposits and cash and short-term deposits that derive directly from its operations. The Company is exposed to the following risks from its use of financial instruments: The Company is exposed to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

- Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from trade receivables, investment in debt securities, loans & advances, cash & cash equivalents and deposits with banks and financial institutions.

Trade receivables

The company sells urea and deals with the authorized agents only and has entered individual contract with them, meets the performance obligation when the urea reaches the dealer, sells at the government regulated price and recognizes the revenue on satisfying the said performance obligation.

The following list represents more than 5% of total balance of trade receivable:

		Amount in ₹	
S.No	Particulars	As at March 31 st , 2020	As at March 31 st , 2019
1	FICC, GoI	1231,84,22,022	919,77,08,595

Ageing analysis of trade receivables

		Amount in ₹	
Age of Receivables	As at March 31 st , 2020	As at March 31 st , 2019	
0-30 days	148,35,53,386	195,29,32,976	
31-60 days	141,88,30,561	134,86,24,393	
61-75 days	4,47,574	1,04,57,964	
76-180 days	596,37,74,251	563,40,17,531	
181 days & above	445,44,15,652	97,07,69,203	

Cash and cash equivalents (including bank balances)

The Company held cash and cash equivalents of ₹ 23.61 crore (31 March 2019: ₹8.99 crore). The cash and cash equivalents are held with banks with high credit ratings.

Provision for expected credit losses

The company has assets where the counter- parties have sufficient capacity to meet the obligations and where the risk of default is very low. The company has customers (government utilities) with sufficient capacity to meet the obligations and therefore the risk of default is negligible or low. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

- Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Typically the Company ensures that it has sufficient cash on demand to meet expected operational expenses and payments to trade payables including the servicing of financial obligations, this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

Default in repayment of Term Loan and interest thereon

The company has defaulted in repayment of principle and interest dues w.r.t Term loan from Yes Bank Limited and SREI Equipments.

The lender wise details are as under:

Particulars	As At	Period of Delay					Total (Rs.)
		1-31 Days	32-60 Days	61-90 Days	91-180 Days	Above 180 Days	
Amount in ₹							
Against Principal Amount							
Yes Bank Ltd	March 31, 2020	-	-	-	91,666,667	161,292,683	252,959,350
*SREI Equipments Financial Ltd-30 CR	March 31, 2020	-	9,488,236	7,231,068	-	-	16,719,304

Particulars	As At	Period of Delay					Total
		1-31 Days	32-60 Days	61-90 Days	91-180 Days	Above 180 Days	
Amount in ₹							
Against Interest Amount							
Yes Bank Ltd	March 31, 2020	6,423,698	6,866,712	-	22,593,697	33,718,263	69,602,370
*SREI Equipments Financial Ltd-30 CR	March 31, 2020	-	765,811	852,009	-	-	1,617,820

Note:

- 1* The above stated period of delay in repayment on Loan and interest is arrived at after availing the benefit of moratorium of three months on payment of all instalments falling due between March 1st, 2020 and May 31st, 2020 vide Notification NO. BP.BC.47/21.04.048/2019-20 dated March 27th, 2020.
2. The above overdue amount of principle and interest default persisted on 31st March, 2020.
3. As requested by the Company, Yes Bank Limited is considering the restructuring of the loan which will be presented to the Consortium after lockdown.

(i) Financing arrangements

The company had access to the following working capital borrowing facilities at the end of the reporting period:

Particulars	Amount in ₹	
	As at 31.03.2020	As at 31.03.2019
Cash credit		
State Bank of India	399,09,18,582	399,26,84,335
ICICI Bank Ltd	83,46,02,249	74,98,57,065
Overdraft		
Yes Bank Ltd	41,09,83,644	39,66,28,741
Total	5,23,65,04,475	5,13,91,70,141

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the company's short-term, medium-term and long-term funding and liquidity management requirements. The company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

Liquidity and Interest Risk Tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the company can be required to pay.

The tables include both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the end of the reporting period. The contractual maturity is based on the earliest date on which the company may be required to pay.

(ii) Maturities of financial liabilities

The following are the contractual maturities of financial liabilities, based on contractual cash flows:

Particulars	Weighted Average Effective Interest Rate (%)					Amount in ₹	
		Within 1 Year	1-5 Years	5+ Years	Total	Carrying Amount	
As at March 31, 2020							
Borrowing	13	630,93,10,285	116,98,26,021	-	747,91,36,306	747,20,21,085	
Trade Payables	13	596,79,24,412	-	-	596,79,24,412	596,79,24,412	
Other Financial Liabilities	13	145,36,86,549	-	21,31,17,967	166,68,04,516	156,83,92,462	
Total		1373,09,21,246	116,98,26,021	21,31,17,967	1511,38,65,234	1500,83,37,959	

Amount in ₹

As at March 31, 2019						
Borrowings	13	570,59,96,382	112,08,37,848	76,92,00,000	759,60,34,230	758,76,24,025
Trade Payables	13	521,41,79,980	-	-	521,41,79,980	521,41,79,980
Other Financial Liabilities	13	49,83,65,955	-	23,02,44,444	72,86,10,399	61,78,98,292
Total		1141,85,42,317	112,08,37,848	99,94,44,444	1353,88,24,609	1341,97,02,297

- Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

(v) Interest Rate Risk Management

The company is exposed to interest rate risk because company borrows funds at both fixed and floating interest rates. The risk is managed by the company by maintaining an appropriate mix between fixed and floating rate borrowings.

The company's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

Interest Rate Sensitivity Analysis

The sensitivity analyses below have been determined based on the exposure to interest rates at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Amount in ₹

Particulars	Interest Impact as at	
	March 31, 2020	March 31, 2019
If Increase by 50 Basis Point		
Impact on Profit or Loss for the year	(106,47,397)	(94,50,189)
Impact on Total Equity as at the end of the reporting period	(106,47,397)	(94,50,189)
If Decrease by 50 Basis Point		
Impact on Profit or Loss for the year	106,47,397	94,50,189
Impact on Total Equity as at the end of the reporting period	106,47,397	94,50,189
